# RMB LUXURY REAL ESTATE

While the Phoenix housing market remains strong, a new renaissance of ultra-luxurious remodels is taking the city and its surrounding markets by storm. No one knows this better than **Michael Banovac**, the managing partner of RMB Luxury Real Estate. Experts in not only buying and selling, but designing and building as well, Banovac and his team specialize in remodels, new home builds and luxury brokerage statewide. One of the firm's most impressive multifaceted projects yet took place a little over a year ago, when real estate attorney and trusted RMB consultant Robert Altshuler forged a friendship with Bob Banovac, Michael Banovac and designer Debra Richardson. He asked them to help him re-envision his family's personal home. As a real estate professional, proficient in design and development, Altshuler wanted to make his own residence a showcase of what can be done when every detail is meticulously curated. With this in mind, the team spared no time or expense in creating a modern abode that is ideal for both entertaining and Altshuler's active family lifestyle. **602.571.4888 | [rmbluxury.com](http://rmbluxury.com)**

*"The definition of luxury is to be aware of one's surroundings, and take the time and attention necessary to create a home where memories are made and moments cherished."*

← | In a region with such an agreeable climate, exterior enhancements deserve full attention. This home's newly redone designer paint job and extensive LED lighting create outdoor ambience.

## HOT-SPOT NEIGHBORHOOD

The northern Phoenix area, with its freeway access, renowned culinary scene and variety of family-friendly experiences, has become a favorite. The Paradise Valley, Arcadia and Silverleaf markets have all been booming and continue to see new development. In designing Altshuler's home, the team was heavily influenced by a new wave of modern that is sweeping these communities.
